**NOTICE OF NATURAL RESOURCE TRUSTEE MEETING  
LAKE ROOSEVELT/UPPER COLUMBIA RIVER BASIN WATERSHED**

Dear State, Federal and Tribal Agencies:

You have been identified either as a Natural Resource Trustee with trusteeship over resources that may have been impacted by the release of hazardous substances at or from Lake Roosevelt and the Upper Columbia River Basin, or as a federal agency responsible for the management or control of resources that may have been detrimentally impacted by hazardous contaminants. At the request of the Colville Confederated Tribes, the USEPA is presently conducting Preliminary Site Assessments pursuant to CERCLA in and about the Upper Columbia River Basin for multiple sites from the Grand Coulee Dam to the Canadian border.

The Colville Confederated Tribes invite you to attend a one-day meeting of Natural Resource Trustees and resource agencies to take place on **December 12, 2000** from **10:00 a.m. to 3:00 p.m.** at the office of our Special Environmental Counsel, Short Cressman & Burgess PLLC, 999 Third Avenue, Suite 3000, Seattle, Washington 98104. The tentative agenda includes a discussion of Canadian and U.S. sources of contamination, EPA's ongoing investigative activities, the preparation and execution of a Trustee Memorandum of Agreement among the Trustees and EPA, and the creation of a framework for coordinated Natural Resource Trustee activities at the Site during FY 2001.

We invite your participation. Please advise if you are interested in sending a representative and, if so, the name, position, telephone and fax numbers, and e-mail address of the individual who will be attending on your Tribe's or agency's behalf. We will confirm the date and time of the meeting and the names of the attendees once we have your responses. Please respond on or before this Monday, November 13, 2000.

We look forward to meeting with you.
